Simple to Use
Determine the size of the area to be illuminated. Choose the track (available in six or twelve foot lengths), the transformer, and the fixtures of your choice. All lamps, necessary support stems and hardware are already included.
Functional low voltage track lighting that allows simplicity and flexibility for general and accent illumination.

Expressive track lighting that can be twisted and curved to create alluring forms, and adorned with a wide array of mini-pendants and track heads.

Versatile Illumaflex light fixtures can project general perimeter lighting, accent artwork, highlight cabinetry, and drop down over a dining table or kitchen island.
flexible adjustable Track Heads
Illuma-Flex™ adjustable track heads can be mixed and matched on the same track to illuminate artwork, cabinetry, kitchen islands and much more.

colorful

Utilizing MR-16 low voltage lamps, these fully-adjustable (358° horizontally and 90° vertically) track heads provide dramatic lighting effects. A wide variety of glass colors and body styles allow flexibility to create a unique lighting style.
